

eCampusUSA™ Emergency Alert helps you to prepare for a worst case scenario... immediately broadcasting a text message to the cell phone of one or more people for emergency events or other notifications.

Features

- **Alert Broadcast List.** Prepare the list ahead of time, to contact any number of people in an emergency event.
- **Police and First Responders.** Include the cell numbers for those assigned to protect your school.
- **Emergency Drills.** Use to check the readiness of staff.
- **Messaging System.** Broadcast a text message to one or more people.
- **Custom Settings.** Control which users have access to adding numbers to the Alert Broadcast List and who can send an Alert.
- **Custom Alert Message.** Type in your customized message to communicate with those on the broadcast list.
- **Select One or More Recipients.** Send the Alert to everyone on the Broadcast List or choose one or more people.
- **Alert Log.** An Alert Log lists all of the messages sent, in chronological order.
- **No Extra Charge.** Emergency Alert is included with eCampusUSA™ Tardy eEliminator™ web application
